

Safe, Dependable Delivery -
On Time, Every Time!

An Introduction

OVER 37 YEARS IN BUSINESS

Since 1984, JRC Transportation, Inc. has been helping fellow business owners with their transportation needs. With over 30 offices strong across the United States, JRC is proud to offer skilled dispatchers, experienced drivers and very competitive prices.

JRC Transportation controls roughly 600 trucks pulling various types of equipment. Our fleet is predominately comprised of flatbeds, stepdecks, specialized equipment, and dry vans with most falling under the open deck category. Our fleet services all 48 contiguous states with most operating east of the Mississippi and the heaviest concentration in the Northeast Corridor.

COMMODITIES CARRIED

JRC Transportation was created to service the logistical needs of a sister company that manufacturing roofing materials. Since its inception, JRC has continued to grow and diversify its customer base, commodities carried, and equipment.

With safety as our absolute priority, JRC is able to exceed our customers expectations/requirements and easily envelop new safety standards set by an ever-changing regulatory environment, allowing us to service/branch into various industries and commodities.

Today, JRC Transportation services over 1,500 customers in the agricultural, forestry, construction, manufacturing, mining, utilities, and wholesale sectors.
